HOW TO PLAY

BAYANI PARK

One big yard for everyone's pets. Bring your pet in for the shift, let it dig for treasure, make friends and race for Treasure Chests.

Relaxed and casual: your pet plays on its own while you work. Check in whenever you have a minute.
Find it in the SMB Game Portal → Games → 🐾 Bayani Park.

How to start

1. Open **Games** → 🐾 **Bayani Park**.
2. Under 🐾 **My pets**, tap 🎟️ **Bring in** on the pet you want.
3. Your pet walks in and starts wandering, napping, digging and meeting other pets on its own.
4. Tap your pet in the yard to see what it's doing, its trait and its friends.

> Some pets may need a minimum level, and there's a limit on how many pets each player can bring per shift. If a button is greyed out, the reason is shown under your pet.

Things you can do

ACTION	WHAT IT DOES
⛏️ **Dig here**	Your pet digs right away for a chance at an item. Limited finds per shift (the meter shows how many are left).
👋 **Say hi**	Pick another pet and send yours over to meet it. Great for making Besties faster.
⚡ **Boost**	When a Treasure Chest drops, boost your pet for a better chance to win it.

TREASURE

What pets can find

Pets dig on their own throughout the shift, and you can tap Dig for more. The rarer the item, the harder it is to find.

RARITY	EXAMPLES
Common	Pet Snack, Shiny Bone and other everyday finds
Rare	Harder-to-find treasures
Epic	Very rare treasures
Legendary	Golden Bone, the rarest find in the park

Everything your pet finds shows up in your finds list on the park page.

🎁 Treasure Chests

A few times per shift a Treasure Chest drops into the park and every pet races to it. You have a short window to tap ⚡ **Boost** for a better chance. Chests only give **Rare or better**.

✨ Golden Hour

During Golden Hour, finds are **doubled** and rare items show up more often. Watch for the gold banner and dig while it lasts.

🌦️ Weather

The park has day, night and rainy moods. It's mostly for looks, so enjoy the view.

PERSONALITY

Traits & friendships

Every pet has a trait

TRAIT	WHAT IT MEANS
🦁 **Brave**	Wins play fights more often
🔍 **Curious**	Digs things up more often
🍀 **Lucky**	Finds rarer items
😴 **Lazy**	Naps a lot, and sometimes finds things in its sleep
😘 **Flirty**	Loves making Sweethearts

Making friends

When two pets meet they play, play-fight or flirt. Meet the same pet enough times and they become **Besties** 🤝 or **Sweethearts** 💞. Use **Say hi** to set up meetings with a pet you like.

Leaderboards

The park keeps boards for most treasures found, Park Champion (play fights won), most Besties & Sweethearts and most flirty. Bragging rights are on the line every shift.

Tips

- **Bring your pet in early.** The ticket lasts the whole shift, so you get more auto-finds.
- **Save your digs for Golden Hour** when finds are doubled.
- **Be ready for chest drops.** Chests only drop Rare or better.
- **Dress up your avatar and pet.** Everyone in the park can see them.

> The admin can adjust limits and how often chests and Golden Hours happen. The park page always shows the current values.
