HOW TO PLAY

BAYANI WORLD MARATHON

One quick brain challenge per shift. Swim, bike and run around the world with the whole team. Show up, think fast, and race to the finish line.

🇯🇵 Japan ✈️ 🇫🇷 France 🚄 🇮🇹 Italy 🚢 🇬🇷 Greece

Season 1: 25 weekday shifts · **Nov 16 – Dec 22, 2026** · Finish Line Reveal on **Dec 23**.
Find the game in the SMB Game Portal → Games → 🏅 World Marathon.

THE BASICS

The race in 60 seconds

Everyone starts at step 0. Each shift you answer one question. Get it right and you move forward. The racer furthest along the course when the season ends wins.

🧠

1 question per shift

Takes about a minute. Do it any time during your shift.

🌍

100 steps, 4 countries

Swim, bike and run through each country, then travel to the next.

🏆

One champion

The highest eligible racer is crowned World Marathon champion.

How to join

1. Open the **SMB Game Portal** and go to **Games → 🏅 World Marathon**.
2. Tap **Join**. You only join once for the whole season.
3. Joining closes after **shift 3**, so join early.
4. Race on at least **80% of the shifts** to be eligible to win. Rest days and client holidays never count against you.

Your race each shift

1. **Pick a difficulty** before you see the question.
2. Tap **Start** when you have a free minute. A **60-second timer** begins.
3. Pick your answer and tap **Lock in answer**. You'll see where you landed right away.
4. Answers are revealed after you lock in. Come back next shift for your next race.

DIFFICULTY	CORRECT	WRONG	GOOD FOR
Madali (Easy)	**+1 step**	No change	Playing it safe
Katamtaman (Medium)	**+2 steps**	**−1 step**	Steady progress
Mahirap (Hard)	**+4 steps**	**−2 steps**	Catching up fast

Questions mix logic puzzles, patterns, quick math, *bugtong*, word scrambles and real VA scenarios. Everyone gets a different version, so sharing answers won't help.

THE COURSE

Swim, bike, run, then travel

Each country is 25 steps, laid out like a mini triathlon.

🏊 SWIM · 6 steps	🚴 BIKE · 11 steps	🏃 RUN · 8 steps

Steps 0–25 Japan · 25–50 France · 50–75 Italy · 75–100 Greece (finish line in Athens).

Transfers: steps 25, 50 and 75

When you pass a transfer, you travel to the next country, and each way of travelling gives a small bonus. You also **can never fall back below a transfer** you've reached, so it's a safe point.

TRAVEL	BONUS WHEN YOU CROSS
✈️ **Plane**	Your gear doesn't lose a shift on travel day.
🚄 **Train**	Scenic ride: +1 free step on arrival.
🚢 **Cruise**	Rest on board: your pets get +40 energy.

Weather changes every shift

WEATHER	WHAT IT DOES TONIGHT
☀️ **Maaliwalas**	Normal racing.
🌧️ **Ulan**	Wrong answers lose 1 extra step. Racing shoes and some pets protect you.
🌬️ **Habagat**	Correct answers move you +1 extra step.
⛈️ **Bagyo**	Energy gels don't work. Correct **Hard** answers get +2 extra.
🔥 **Init**	Pet pacers use double energy.

Check the weather at the top of the game page before you pick your difficulty.

Mystery steps

Some steps hide surprises. Nobody knows where they are until someone lands on one.

- 🎁 **Kahon**: a mystery box. Open it for 25 tokens to win gear, tokens or a free step.
- 🛴 **Shortcut**: jump ahead +3 steps.
- 🍌 **Balat ng saging**: slip back 1 step.
- 🥤 **Water station**: your pets get +40 energy.

BOOSTS

Gear, pet pacers and extras

Boosts only add steps when your answer is **correct**, so thinking still matters most. Tokens you spend here are used up.

Gear (one at a time)

GEAR	BONUS	LASTS	COST	WORKS IN
🤿 **Swim fins**	+2 steps	3 shifts	40	Swim legs only
🚴 **Carbon bike**	+2 steps	3 shifts	70	Bike legs only
👟 **Racing shoes**	+2 steps	3 shifts	60	Run legs only · ignores rain
⚡ **Energy gel**	+3 steps	1 shift	80	Any leg · doesn't work in Bagyo

Tip: check which leg you're in (shown in the shop) before you buy. Fins won't help you on the bike.

Pet pacers

Bring an Adult pet (**Lv 30+**) to run beside you. It adds +2 steps on correct answers. A pacer costs **30 tokens and 40 pet energy per shift**, for 1 to 3 shifts. Some pets have a bonus: 🐎 +1 more on Hard answers, 🐈 ignores the rain. Energy refills at water stations, on cruises, and while your pet rests in Bayani Park.

Extras

EXTRA	COST	WHAT IT DOES
💡 **Pahiwatig hint**	15	Removes one wrong answer. One per question.
🔁 **Second Chance**	30	Add it before you start. If you answer wrong, you get one 30-second retry. Once per week.
➕ **Extra race**	40	One more question after your free race. Once per shift. It doesn't count toward eligibility.

Streaks and titles

Race on 5 shifts in a row for a **+2 step streak bonus**, and again every 5 shifts after that. Your title grows as you go: Baguhan → Mananakbo (25) → Mandirigma (50) → Iron Bayani (75) → Alamat ng Takbo (90) → Kampeon ng Mundo (100).

> Prices shown are the launch settings. The game page always shows the current price.

THE FINISH

Final stretch and winning

The last 5 shifts are the Final Stretch.

- 🌫️ **Fog zone:** steps 90–100 are covered in fog. Racers in the fog show as blurry shapes, and their exact steps are hidden. Nobody knows who's really winning until the end.
- 🏁 **Finish Line Reveal (Dec 23):** the fog lifts one rank at a time, live in the portal and in Slack.
- 🏆 **The winner** is the highest racer who raced on at least 80% of shifts.
- 🥈🥉 **2nd and 3rd** win bonus tokens, and the champion gets special perks for next season.

Fair play

The challenge is built to be fun and fair for everyone:

- Once you tap Start, **stay on the challenge screen**. Leaving the tab or window counts as a strike, and **2 strikes forfeit** the question (counts as wrong).
- The question appears as an image, and copy-paste is turned off.
- Your question and answer order are different from everyone else's.
- If the timer runs out, the question counts as wrong.
- Unusual patterns, like very fast answers, are flagged for a quick review.

> **Client work always comes first.** Only tap Start when you have a free minute. You can race any time during your shift.

Coming during the season

⚔️ Hamon duels · 🎲 Pustahan bets · 👥 Tropa squads · 🧠 Boss Night with Sir Rendy · 🍌 pranks · ✨ Marathon cosmetics · 🎟️ Fast-Pass auction · 🧩 Finish Line Cipher. Watch the Balita for announcements.

Quick tips

- Race **every shift**. Showing up is the biggest advantage, and it keeps you eligible.
- Behind? Try **Hard** on a Bagyo night. Leading? Medium keeps you steady.
- Get past a **transfer** before taking big risks. You can't fall below it.
- Match your **gear to your leg**, and check the weather first.

Takbo na, Bayani! See you at the finish line. 🏅
